WHEN

Saturday
30th
July
2016

COST

TOTALLY
FREE!

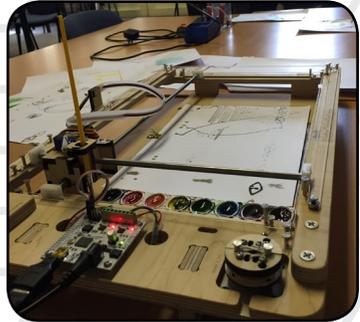

WHERE

Queen's Bldg
Mill Lane
Leicester
LE2 7DR

ABOUT CREAT-A-CON

CREAT-A-CON is a free event which lets you engage with interesting and inspiring projects from the local area.

With a focus on science, technology, engineering, and maths (STEM), there is a broad range of activities on offer at each event.

CREAT-A-CON 2015 gave away over 500 free tickets to people who interacted with 3D printing, Raspberry Pi, virtual reality, artistic robots, Minecraft, Lego & K'Nex, and more!

CREAT-A-CON 2016 will build upon this success, giving you free access to the best STEM projects in the local area, so we encourage you to go out and share this with your friends and family.

What will you Create?
