CREAT-@-CON

Creative Technology • Community Projects

Saturday 21st
February 2015

Early Entry
10am

General Entry
12pm

Doors Close
6pm

Creat-A-Con is a new FREE event taking place at De Montfort University, which aims to inspire young people in the key S.T.E.M. areas of Science, Technology, Engineering, and Mathematics.

De Montfort,
Queens Building

The Gateway

Leicester

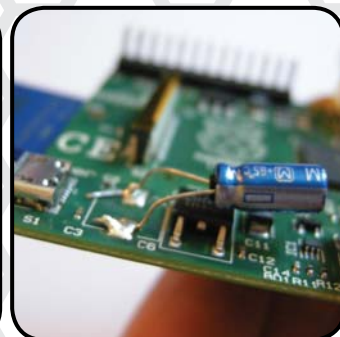

LE1 9BH

The event is open exclusively to primary and secondary students (inc. parents/guardians) from 10am to 12pm, and to the general public from 12pm to 6pm. Entry is free to all.

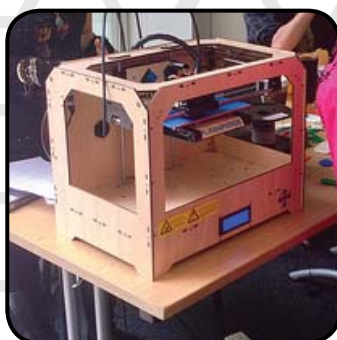

Taking a more interactive and entertaining approach to learning, Creat-A-Con has brought together examples of the most engaging projects from the local area, including Interact Labs, Leicester Hackspace, Face Your Elephant, Starbase Leicester and more!

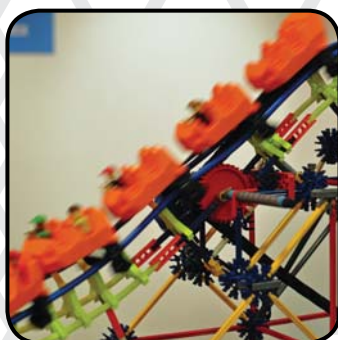

Robotics

Raspberry Pi

3D Printing

K'Nex & Lego

This growing list of exhibitors will be showing off a range of features, including 3D printing, Raspberry Pi, Sonic Pi, a variety of computer controlled, artistic, and autonomous robots, Arduino, and a selection of Minecraft, Lego, and K'Nex challenges.
