Sparking the Imagination

Wednesday 29 – Sunday 2 June 10am - 5pm

A programme packed full of amazing experiences, marvellous activities and family friendly films handpicked for the digital generation.

Come down and get involved with these interactive digital delights!

Book of Worlds

The Book of Worlds is no ordinary book. As you turn its pages, its tale comes to life around you with pictures, lights and sounds! This incredible interactive artwork takes you on a magical trip into a world where imagination can become real.

Graffiti!

See your own digital artworks appear before your eyes in this wonderful interactive installation. *Graffiti!* lets you spray colours and shapes across a huge virtual canvas with highly realistic effects. All of the fun with nothing to clear up!

Book of Worlds and *Graffiti!* have been devised by digital artist Luke Woodbury and commissioned by Phoenix for The Spark Festival.

Boredbrands - The Digital Funfair

A trio of original, imaginative and very funny interactive artworks. Be a superstar DJ with the Beat Jigsaw, create awesome music and videos with the AV Arcade Table, and take a spin on the Pacbike to save the earth from Alien invaders!

See pages 12 & 14 for film screenings and other events.

Suitable for: 2+ years

Running Time: 10am - 5pm each day

Tickets: Free activities - admission charges for screenings / events

Venue: Phoenix 0116 242 2800
